

**Friends of Lake Thunderbird State Park Association, Inc.
Membership Information/Application**

PURPOSE OF THIS ORGANIZATION:

Friends of Lake Thunderbird State Park ("Friends") is a non-profit organization dedicated to providing safe recreational and educational activities for the general public while helping to protect the park's natural resources by promoting responsible use of the public lands that surround the lake. Since 2007, Friends has removed over 700 bags of trash from the beaches and other areas of the park during Clean Sweep and with the Adopt-A-Beach program. We are very proud of the success of these two programs, in addition to our Halloween and Easter Egg hunt that attract more than 300 children each from the community and are FREE. All of the monies collected from memberships and donations are used for these types of projects and other events in the park.

MEETINGS

Meetings are held on the third Tuesday of each month (Excluding June and August) at 7:00pm at Discovery Cove Nature Center. Located off Hwy 9 at 142nd Ave SE, .9 miles down Clear Bay Ave., almost to the boat ramp and across from Turkey Pass Campground on the right side of the road.
